## RECENT PROJECTS

---

**Chive Charities** *Developer, HighBridge Creative*

A complete site overhaul for The Chive's charity organization. I was responsible for all front-end development. Entirely responsive and built in ExpressionEngine.

<http://chivecharities.org>

**Fairfield Residential** *Developer, Blue Like Neon*

A responsive WordPress site used to list and showcase properties for potential buys, renters, and investors.

<http://fairfieldresidential.com>

**Andy Burdin** *Developer, Personal*

The portfolio of Andy Burdin; completely responsive and developed in WordPress.

<http://andyburdin.co>

**Fruits & Veggies, Campaign** *Developer, Legwork Studio*

Site development for a national campaign focused on making fruits and vegetables a more exciting option for kids, and everyone, to eat.

<http://fnv.com>

**Ratio Beerworks** *Developer, Legwork Studio*

All development for a new brewery in Denver, CO.

<http://ratiobeerworks.com>

**Prometheus, Campaign** *Lead Developer, Ignition Interactive*

Managed a team of five developers in the development of two award-winning websites for the film Prometheus.

<http://weylandindustries.com> / <http://projectprometheus.com>

**The Hunger Games, Campaign: 74th Capitol Couture** *Developer, Ignition Interactive*  
Tumblr theme development for a fashion blog revolved around the fictional world of Panem, from The Hunger Games book & film series. The Tumblr boasted over 79,100 followers.
